

CURRICULUM VITAE

Dr. Mária Ždímalová

Znievská 21, 851 06 Bratislava, Slovakia

Date of birth: 16.10.1979

Place of Birth: Nitra

tel.: 00421 908 540 162

e-mail: zdimalova@math.sk

Education:

- 2010 November, Ph.D. Degree, Applied Mathematics, Slovak University of Technology in Bratislava, Faculty of Civil Engineering Department of Mathematics and Descriptive Geometry, Slovakia
Title of the Dissertation: *Large vertex – transitive and Cayley graphs and digraphs of given degree and diameter*
Advisor: prof. RNDr. Jozef Širáň, DrSc.
- 2003 – 2009 Ph.D. Studies at Slovak University of Technology in Bratislava, Slovakia, Faculty of Civil Engineering, Department of Mathematics and Descriptive geometry
- 2003 MSc. Degree, Comenius University in Bratislava, Slovakia, Faculty of Mathematics, Physics and Computer Science
- 1998 – 2003 Master Studies, Comenius University in Bratislava, Slovakia, Faculty of Mathematics, Physics and Computer Science

Additional information on education:

- 2006 – 2007 E - learning courses from Projective Geometry and Chapters for Teaching of the Mathematics – certificates, Comenius University in Bratislava, Faculty of Mathematics, Physics and Computer Science

Researcher stays:

- 2004 – University of Ostrava, Ostrava, Czech Republic (one month)
- 2010 – Universitat Polytechnica de Catalunya, Barcelona, Spain (one week, November), hosted by prof. Camino Balbuena
- 2011 – Universitat Polytechnica de Catalunya, Barcelona, Spain (one week January), hosted by prof. Camino Balbuena
- 2013 – Universitat Polytechnica de Catalunya, Barcelona, Spain (one week June), hosted by prof. Camino Balbuena
- 2013 – Universitat Polytechnica de Catalunya, Barcelona, Spain (one week October), hosted by prof. Camino Balbuena

2014 – University in Lleida, Research and Teacher stay in the University in Lleida, Spain, (one week, November), hosted by Dr. Nacho Lopez, supported by the Spain mobility Grant supported by La Caixa Bank in Spain

2015 - Karadeniz University in Trabzon, Turkey, Research and Teacher stay hostet by prof. Funda Karadzal, Dr.Bahadir Ozgir Guller (one week April), supported by ERASMUS + Program

2015 – University in Lleida, Research and Teacher stay in the University in Lleida, Spain, (one week, November), hosted by Dr. Nacho Lopez, supported by the Erasmus + Program

2016- University UNAM Mexico, Institute of Mathematics UNAM, Mexico City, Institute of Applied Mathematics UNAM Mexico City, Institute of Mathematics, Campus, Juriquia, Querretaro, Research and teacher stay, 1 month, August, hosted by prof. Gabriela Araujo Pardo

- 2017- Ghent University, Faculty of Engineering and Architecture, Department of Math. Analysis, Erasmus + Project, one week, May 2017

Employment history:

2009 – Researcher at Slovak University of Technology in Bratislava, Faculty of Civil Engineering, Dept. of Mathematics and Descriptive Geometry; Teaching: *Calculus I, II, Calculus for Architectures (Faculty of Architecture)* *Calculus for Geodesy, Graph Theory (Mathematical - Computing Modelling)*
Lecture: *Calculus I for Architecture (Faculty of architecture) Mathematics in Architecture*
Teaching in English: *Mathematics for foreigners*

2004 – 2004 Teacher of Mathematics, 1st Private Gymnasium in Bratislava, Slovakia

2015- Mathematic for architectures, Academy of fine Arts, Department of Architecture

2014 – University in Lleida, Spain, Teaching in the University in Lleida, Master Degree, during the Spain Mobility program

2015 – Karadeniz Technical University in Trabzon, Faculty of Science, Math Department Turkey, 8 lectures form Graphs theory and Group theory, Mathematical dayes with Maria Zdimalova , Erasmus + Program

2016-Algebraic graph Theory-Teaching Course-Mexico, Querretaro, 2016

Language skills

English – advanced
German – intermediate
Czech – advanced

Programming skills:

LaTeX (advanced), C (beginners), OS Windows (advanced), OS Linux (advanced), Nauty (beginners), Gephi

Professional Activities:

- 2011 Member of the committee in the international Czech – Slovak student university competition ŠVOČ 2011 in Mathematics and Computer Science, (graph theory section) in Ústí nad Labem, Czech Republic.
- 2012 Organizator of the international Czech – Slovak student university competition ŠVOČ 2012 in Mathematics and Informatics, Slovak University of Technology in Bratislava
- 2013 Organizator of the seminar: 12.04. 2013 – 13.04. 2013 Seminar of Mathematical and Computing Modeling, Slovak University of Technology
- 2013 Organisation of the international conference GEMS 2013 in Smolenice (Graphs, Maps and their Symmetries)
- 2014 - Organizator of the seminar: 7. 2. 2014 – 8. 2. 2014 Seminar of Mathematical and Computing Modeling, Slovak University of Technology
- 2017- Member of the committee in the international Czech – Slovak student university competition ŠVOČ 2017 in Mathematics and Computer Science, (algebra and geometry section) in Pilsen, Czech Republic.

Members:

- Member of the Union of Slovak Mathematicians and Physicians
- Member of the Slovak Mathematics Company
- Member of European Women in Mathematics

Editorial board:

- Member of editorial board of international journal Indonesian Journals of Combinatorics

Students' Promotion Activities:

2011 – 2012 BSc. Tomáš Bohumel, Bachelor Thesis, Graph Cutting and their applications

2012	in image processing (common work with doc. RNDr. Zuzana Krivá, PhD.) BSc. Tomáš Bohumel, Using Graph Algorithms for finding max flow in networks and their applications in image processing, students university competition ŠVOČ 2012 FCE STU in Bratislava, Slovakia
2012	BSc. Tomáš Bohumel, Using Graph Algorithms for finding max flow in networks and their applications in image processing, international Czech - Slovak competition ŠVOČ 2012 in Bratislava, FCE STU in Bratislava, Slovakia
2014	BSc. Richard Rožnovják, Bachelor Thesis, Data Mining of Networks represented by Graphs
2015	Jozef Major, Simultaneous annealing and its application in the graph theory problems, , students university competition ŠVOČ 2012 FCE STU in Bratislava, Slovakia
2015	Jozef Major, Simultaneous annealing and its application in the graph theory problems, , students international Czech-Slovak University competition ŠVOČ 2012 FMFI UK in Bratislava, Slovakia,
2015	Jozef Major, Bachelor Thesis, Simultaneous annealing and its application in the graph theory problem, FCE STU in Bratislava, Slovakia
2016	Richard Rožnovjak, Using of Graph algorithms in image processing using intelligent scissors, Diploma Thesis

Personal qualities and hobbies:

Communicative, flexible, creative and responsible.
I like working with people and teaching young people.
I enjoy travelling and learning new things, playing piano.

List of Publications:

Conference Talks:

1. MAGIA 2004, Kočovce, Slovakia
2. ISCAM 2005, Bratislava, Slovakia
3. GRAPHS' 2008 Zadov, Czech Republic
4. CYCLES AND COLOURINGS 2008, Tatanská Štrba, Slovakia
5. ISCAMI' 09, Malenovice, Czech Republic
6. GRAPHS' 09, Terchová, Slovakia
7. CYCLES AND COLOURINGS 2009, Tatanská Štrba, Slovakia

8. MAGIA 2009, Kočovce, Slovakia
9. 70. VÝROČIE Svf STU Bratislava, 2009, Slovakia
10. ISCAMI' 010 Bratislava, Slovakia
11. IWONT 2010, Barcelona, Spain
12. MAGIA 2010, Kočovce, Slovakia
13. GRAPHS' 11, Šachtický, Slovakia
14. IWONT 2011, Brussels, Belgium
15. IWONT 2012, Bandung, Indonesia
16. 8 – TH SYMPOZIUM ON GRAPH THEORY, 2013, Košice, Slovakia
17. ACCGT 2014, and Winter School from harmonic functions 2014, Sepetna, Czech Republic, 2014
18. IWONT 2014, A family of dense mixed Moore graphs of diameter two, common work with Gabriela Arraujo Pardo(Mexico), Mirka Miller(Australia and Czech Republic), Camino Balbuena(Spain)a, Bratislava, Slovakia, 2014
19. 19.12.2014 Seminar from Uncertainty Modeling 2014, Archimedean copulas and the Williamson Transform, common work with Tomáš Bacigál, STU in Bratislava, Bratislava, Slovakia, Department of Mathematics and Descriptive Geometry
20. APPLIMAT 2015, Slovak University of Technology in Bratislava, SjF STU, Bratislava, January 2015, Graph cuts in image processing, common work with doc. Zuzana Krivá, Bc. Tomáš Bohumel, 2015
21. COSENZA 2015, Mathematics in art, design and eco-eco design, Calabria University, Italy, talk by skype
22. Tomáš Bacigál, Mária Ždímalová: Archimedean copulas and Laplace transform, Uncertainty Modelling 2015, presented by Tomáš Bacigál
23. Aplimat 2016, Sjf STU in Bratislava, Mathematics in Architecture, Design, and Structure Engineering, Bratislava, Slovak
24. University of Technology in Bratislava, Faculty of Mechanical Engineering Slovakia, 2016
25. International Seminar from Uncertainty Modelling, Bratislava, 2.-3.6 2016, Mária Ždímalová (with Tomáš Bacigál): Approximation of Archimedean copulas via the Williamson transform
26. International Seminar from Uncertainty Modelling, Bratislava, 2.-3.6 2016, Mária Ždímalová (with Maddalena Manzi and Martin Kalina): Choquet integral based on extreme points
27. APLIMAT 2017, Mathematics and its application in architecture and urban design of selected parts of Mexico, APLIMAT 2017, Bratislava, 31.1.2017-2.1.2017, Slovakia

Researcher stays:

- 2004 – University of Ostrava, Ostrava, Czech Republic (one month)
- 2010 – Universitat Polytechnica de Catalunya, Barcelona, Spain (one week, November)
- 2011 – Universitat Polytechnica de Catalunya, Barcelona, Spain (one week January)

- 2013 – Universitat Polytechnica de Catalunya, Barcelona, Spain (one week June)
- 2013 – Universitat Polytechnica de Catalunya, Barcelona, Spain (one week October)
- 2014 – University in Lleida, Research and Teacher stay in the University in Lleida, Spain, (one week November)
- 2015 - Karadeniz Technical University, Faculty of Science, Math Department, University in Trabzon, Turkey,
 - Erasmus + Project, (one week April)
- 2015 – University in Lleida, Research and Teacher stay in the University in Lleida, Spain, (one week,
 - July), hosted by Dr. Nacho Lopez
- 2015 – University in Lleida, Research and Teacher stay in the University in Lleida, Spain, (one week,
 - December), hosted by Dr. Nacho Lopez
- 2016- University UNAM Mexico, Institute of Mathematics UNAM Mexico City, Institute of Applied Mathematics UNAM Mexico City, Institute of Mathematics, Campus
 - Juriquia, Querretaro, Research and teacher stay, 1 month, August, hosted by prof. Gabriela Araujo Pardo
- -Ghent University, Faculty of Architecture and Engineering,
 - Deaprtment of Mathematics Analysis, hosted by prof. Marian Slodicka

Talks at Seminars, Invited talks in the Universities and Summer schools:

1. Nontraditional Approach for teaching mathematics (Summer School Pytagoras , Slovakia, 2004)
2. Bratislava's seminar on graph theory (2010)
3. Bratislava's seminar on graph theory (November 2011)
4. Seminar Barcelona (Jannuary 2011), COMGRAPH Seminar , UPC Barcelona, Spain
5. Lecture from history and philosophy of graph theory, students of Mathematical and Computer Modelling, FCE STU in Bratislava, 2012, Slovakia
6. Lecture about FG moduls and groups, Seminar, FCHPT, SVF STU in Bratislava, 2012, Bratislava, Slovakia
7. Graph Theory and its applications, Seminar for teachers and students of Mathematical and Computer Modelling, Bratislava, Slovakia, 2013
8. Lecture from history and philosophy of graph theory, students of Mathematical and Computer Modelling, FCE STU in Bratislava, 2013, Slovakia
9. Graph Theory, Seminar for teachers and students of Mathematical and Computer Modelling, Bratislava, Slovakia, 2014
10. Additive generators of copulas and Williamson „n“-transform, Seminar from uncertainty

- modelling, CVE, STU Bratislava, 2. April 2014
11. Graph Theory and its applications, students of Mathematical and Computer Modelling, Bratislava, Slovakia, 2014, (2 lectures)
 12. Invited talk, Seminar in Lleida, Covering technique in the degree diameter problem and Voltage assignment approach, University in Lleida, Spain, November 2014
 13. Invited talk, Extremal graphs of given degree and diameter, November 2014, Department de Mathematica, University in Lleida, Spain
 14. Karadeniz Technical University, Faculty of Science, Math Department, University in Trabzon, Turkey, 8 lectures from Graphs theory and group theory, Mathematical days with Maria Zdimalova, Erasmus + Program, The course devoted to the Graph Theory and Group Theory, Mathematical Days on Graph Theory with Maria Zdimalova, Math. Department. Trabzon, Turkey, April 2015
 15. Summer School from Discrete Mathematics, Summer 2015, July 2-18. 2015, University of LLeida, Catalunya, Spain, Erasmus + Program
 16. University UNAM Mexico City, Mexico Institute of Mathematics: Extremal graphs and digraphs of given degree and diameter, August 2016

Grants:

Erasmus + programs:

July 2015: Summer School with Dr. Maria Zdimalova, Univeristy of Lleida, Catalunya, Spain, (one week)

April 2015: Mathematical dayes with Dr. Maria Zdimalova, Karadeniz Technical Univeristy in Trabzon, Turkey, (one week)

Spain: 2015: Mobility grant:

Convocatoria del programa d'ajuts finançats per l'Óbra Social la Caixa per afavorir la internacion de la Udl'estada de professorat d'institucions estrangeres , Universita de Lleida, Spain, 2014, November

Grant for young researchers of Slovak University of Technology in Bratislava:

Large vertex-transitive and Cayley graphs

of given degree and diameter

The leader ... 2010

APVV – 0040 – 06: Veľké komunikačné siete s daným stupňom a priemerom

Big communication Networks of given degree and diameter

Term: 1.1.2007-31.12.2009

Coauthor, member of a team

VEGA 1 / 0489 / 08: Topologické metódy štúdia diskrétnych štruktúr a ich grúp symetrií

Topological methods in discrete structures and their groups of symmetries

Term: 1.1.2008-31.12.2010

Coauthor, member of a team

VEGA 1 / 0280 / 10: Extremálne grafy daného stupňa a priemeru, resp. obvodu s vysokým stupňom symetrie

Extremal graphs of given degree and diameter, and girth with high symmetries

Term: 1.1.2010-31.12.2011

Coauthor, member of a team

VEGA 1/0871/11: Algebraické a topologické metódy v štúdiu kombinatorických štruktúr s vysokým stupňom súmernosti

Algebraic and toplogical methods in combinatorial structures and their symmetries

Term: 1.1.2011-31.12.2013

Coauthor, member of a team

EuroGIGA ESF – EC – 0009 - 10: Geometrické reprezentácie a symetrie grafov, máp a iných diskrétnych štruktúr s aplikáciami vo vede.

Geometric representation and symmetrie of graphs, maps and others discrete structures and their applications in science

Term: 1.5.2011-30.4.2014

Coauthor, member of a team

1. Citation

In Scopus:

1. Citation of the work:

Tomáš Vetrík, Large Cayley digraphs of given degree and diameter, Discrete Mathematics 213 (2), 472-475, 2012

Citation in the work:

Ždímalová Mária, Staneková Lucia, Which Faber-Moore-Chen digraphs are Cayley digraphs? Discrete Mathematics, 310, 17-18, 2238-2240.

2. citation in Scopus

1. Citation in the work: Ždímalová, Mária: Revisiting the Comellas-Fiol-Gómez constructions of large digraphs of given degree and diameter. In: Discrete Mathematics. - ISSN 0012-356X. - Vol. 310, Iss. 9 (2010), s. 1439-1444

Citation of the: Heather Macbeath, Jana Šiagiová, Jozef Širáň, Tomáš Vetrík, Large Cayley graphs and vertex-transitive non-Cayley graphs of given degree and diameter, Journal of Graph Theory, Volume 64, Issue 2, pages 87-98, June 2010
